

PRESIDENT DECLARES SHOOTING STARTED

Germans Reported Near Gateway to Caucasus Oil Fields

ORDERS FULL SPEED AHEAD IN EFFORT TO DESTROY HITLERISM

Washington, Oct. 28.—(AP)—President Roosevelt damned the torpedoes and called for full speed ahead today in the nation's efforts to hasten "the destruction of Hitlerism."

In a Navy Day address that went to the four corners of the earth by radio, the chief executive declared last night that "the shooting has started."

Then he used for his keynote the fighting words which Admiral Farragut gave to history in the battle of Mobile Bay.

He pledged that military supplies of all kinds would reach Hitler's foes, despite all Nazi seaway threats, and he added with firm assurance:

"In the light of a good many years of personal experience, I say that it can never be doubted that the goods will be delivered by this nation, whose navy believes in the tradition of 'Damn the torpedoes; full speed ahead!'"

He told the world that "the forward march of Hitlerism can be stopped and it will be stopped."

"Very simply and very bluntly," he said, "... we are pledged to pull our own oar in the destruction of Hitlerism."

He called attention to his order commanding the navy to "shoot on sight" whenever Axis raiders are encountered.

"Those orders stand," he said sternly.

AXIS CAPITALS ASSAIL SPEECH; BRITAIN HAPPY

By the Associated Press

Bitter denunciations and denials in the Axis capitals, satisfaction in Britain and cautious official silence in Tokyo were the major responses today to President Roosevelt's "shooting has started" speech last night.

Informing Germans said the speech would have been funny "except for the fact that the president's policies could have the direct consequences."

Italian Fascists interpreted the speech to mean convoys and another step toward United States belligerence.

A Japanese spokesman said the speech would be "studied with interest" by the Japanese government. Neither he nor the Japanese press hazarded an immediate guess as to how the new cabinet of General Hideki Tojo would take the assault on Hitler, Japan's treaty-bound ally in the west.

The first British newspapers appearing after the speech greeted it with enthusiastic headlines, but authoritative circles, while smiling with satisfaction, left official British reaction to Prime Minister Churchill.

"Still slowly perhaps, but inexorably, the United States moves toward war," the Evening Star commented, declaring the speech amounted to "a tremendous offer of British support as 'the fence against Hitler.'"

There was no immediate response from Latin America, to whose defense against what he said were Nazi plans for conquest and reorganization Roosevelt devoted a section of his talk.

This part of the speech was described by Berlin sources as "the climax of Roosevelt fantasy and the emanation of hallucinations which are as bad as they are absurd."

The "secret map" which Roosevelt said he had shown to the

HOUCK IS HELD AT LOCK HAVEN

Lock Haven, Oct. 28.—(AP)—Hoy Kenneth Houck, 21, of Bellefonte, is under indictment on four charges growing out of street attacks on two women here last summer.

Houck, former band leader and electrician, was indicted yesterday on a charge of aggravated assault and battery in an attack on Ruth Andrews, 19, on September 4.

Sheriff D. Edwards Gronoble said he had admitted eight attacks, scattered through Centre and Clinton counties.

The Clinton county grand jury returned indictments on three counts in connection with an attack on Miss Emily Williams, of Jersey Shore, a summer school student at the Lock Haven State Teachers College. She suffered a fractured skull. The charges were aggravated assault and battery, assault with intent to kill and assault with intent to maim.

ULTIMATUM FOR SPEEDY END OF STRIKE ISSUED

Roosevelt Sends Third Appeal to John L. Lewis to Call Off Captive Coal Mine Strike; No Hint of Action

CURTAIN OPERATIONS

Washington, Oct. 28.—(AP)—President Roosevelt confronted John L. Lewis with a virtual ultimatum today for a speedy end of the captive coal mine strike.

Underscoring his third appeal to the CIO mine chief to call off the strike, Mr. Roosevelt declared in his Navy Day speech last night that "our nation will and must speak from every assembly line—yes, from every coal mine—in our vast industrial machine."

He called earlier the president had told Lewis:

"There is every reason for the continuance of negotiations."

"There is no reason for stoppage of work."

"It is, therefore, essential that the mining of coal should go on without interruption."

Mr. Roosevelt gave no hint of the action he would take if Lewis failed to heed his latest manifesto. Everything, however, pointed to an imminent showdown which might affect not only the captive mine strike, but the whole future question of labor disputes in defense industries.

In Congress many tempers were growing short. In the festive atmosphere, talk already was heard of quick legislative action to remedy the situation unless the work stoppage was ended hastily. It was reported the general subject was touched on briefly during the president's conference with congressional leaders yesterday.

The United States Steel Corporation, owner of a number of the mines tied up by the walkout of 53,000 CIO miners, announced an immediate curtailment of operations at most of its steel mills.

A number of labor leaders privately voiced uneasiness over the situation growing out of the United Mine Workers' demand for a union shop. They feared that if the public temper became further frayed, there might be legislation—or possibly an executive order—prohibiting compulsory membership in a union.

'BACK TO WORK' MOVEMENT FAILS TO MATERIALIZE

Johnstown, Pa., Oct. 28.—(AP)—A predicted "back to work" movement at a second mine of the Bethlehem Steel Corporation fizzled out today, with the miners abiding by UMW Chieftain John L. Lewis' order for a strike in "captive" mines.

Although union leaders opposed to the strike call had said more than half of the 800 miners at the Franklin mine of the Industrial Coalfields Company would report for work, none showed up for the second consecutive day. A half dozen pickets were on duty.

At the Rosedale mine of the collieries, however, a group of miners variously estimated from 100 to 250 walked through a line of 100 or more pickets to enter the pit again this morning. Pickets and UMW organizers talked to the returning workers but made no effort to physically restrain them.

The collieries company is a subsidiary of Bethlehem Steel, operating the mines which supply the coal and coke for its sprawling eight-mile long mills here.

Yesterday several hundred of the 900 men employed at the Rosedale mine, located inside the city of Johnstown, went to work despite a picket line.

Opinions varied as to the number who defied the order issued by John L. Lewis to cease operation of "captive" pits until the operators agree to a union shop contract, which requires all workers to belong to the union after a probationary period.

Some said 347 of a 475-man day shift operated and more than 100 of the 300-man night shift.

But John Ghizzoni, international board member of the union, asserted less than 200 workers during

REVISION OPPOSED BY TAFT

Ohio Senator Declares Repeal Legislation Would Give President Authority To Carry On Undeclared War; Replies To Roosevelt Condemnation Of "Hamstringing"

UNEXPECTED SUPPORT SEEN BY OPPONENTS

Washington, Oct. 28.—(AP)—Senator Taft (R-Ohio) replied to President Roosevelt's condemnation of "hamstringing provisions" in the neutrality act today with a declaration that repeal legislation, if passed, would give the president authority to "carry on an undeclared war."

The senate galleries were crowded as Taft took the floor to state the oppositions case.

"The passage of the resolution before the senate is direct authority to carry on an undeclared war against Germany, Italy and Japan, on all the oceans of the world, and in all the ports into which sea-going ships may sail," the Ohioan said solemnly.

"If the members of the senate intend to keep their pledges to the people of the United States, pledges made by themselves, by their leaders and by their party, they can only vote 'no' on the present resolution," he declared.

Alluding to Mr. Roosevelt's affirmation of "shoot on sight" orders to the navy, Taft said that anyone who heard him "can hardly doubt that he is proposing that the United States carry on an undeclared war, and asking congress for authority to do so."

In his Navy Day address, Mr. Roosevelt endorsed as "honesty and realism" the action of the senate foreign relations in voting to eliminate the ban on United States merchantmen sailing into combat zones as well as backing up the house in providing for arming of the ships.

Senator Pepper (D-Fla.), a 24-hour-a-day supporter of the president's foreign policies, said the Roosevelt speech "clearly demonstrated to the American people the necessity of arming our merchant ships and letting them sail to the ports of our friends."

Before the address, however, opponents of neutrality act revision declared they were gaining unexpected support. One of them, Senator Wheeler (D-Mont.), said: "There is a possibility we may defeat the plan to send our ships into danger zones."

But the undoubtedly large group of Democratic and Republican senators who favor reshaping the law appeared undisturbed by such predictions as debate on revision resumed today. They confidently claimed to possess a minimum of 52 votes, four more than a majority.

Wheeler said he had no exact

RISE IN COST OF LIVING AFFECTS NEEDY FAMILIES

State Board of Public Assistance Studies Proposals to Adjust Relief Grants to Compensate for Boost

FOOD PRICES CITED

Harrisburg, Oct. 28.—(AP)—Relief Secretary Howard L. Russell declared today rising living costs and their effect on Pennsylvania's needy families have been discussed "at every meeting of the state board of assistance for the past six months."

The board has considered several proposals to adjust relief grants to compensate for increased rents, he said, "and the matter has been before the board all summer. No agreement has yet been reached."

Higher food costs, he added, have been discussed at only one meeting several weeks ago when the board decided to increase the milk allowance.

The secretary declined to comment on a statement by Rep. Robert J. Corder, of Scranton, demanding the removal of the board for failure to boost relief allowances. Corder said he intended to ask Governor James to include the subject in any special legislative session and added:

"No matter what action the governor takes on my request, I will present a resolution on the floor of the house demanding a increase in the food grants to the thousands of persons on the relief rolls. Increased food costs have definitely made it impossible for the needy to obtain enough to eat with the money now allocated for the purpose."

Relief officials estimated the higher milk grants—designed to take care of price increases over 11 cents a quart or six cents a pint—would cost the state \$60,000 a month. Families with children under 16 must buy milk from their grants.

The minimum schedule of relief allows a family of five \$11.90 a week, of which \$7 is for food, \$1.90 clothing, \$1.50 shelter and \$1.50 fuel.

The same family in a metropolitan area could receive a maximum of \$15.40 weekly with the same food and clothing allowances, \$2.25 for shelter and \$2.25 for fuel.

Special Award In Baby Election Is Given To Rebecca Ann Norris After Close Race For Top Honors

Grand Valley Queen!

In a neck-and-neck-photo finish race for the special added prize of \$25 in cash in the Warren Times-Mirror's Favorite Baby Election, Rebecca Ann Norris, three-year-old daughter of Mr. and Mrs. Russell I. Norris, 228 Jefferson street, polled the most votes last week, and as a result will today receive \$25 from this newspaper.

The special prize was offered the baby polling the most votes from Monday through Saturday, and if the Baby Election needed further stimulus this added prize proved just that. More votes were cast last week than in all previous weeks in the election combined. Little Miss Norris was in third place when the week started, and in spite of the heaviest voting yet seen, was able to move forward into first.

Frederick William Danielson, little son of Mr. and Mrs. Guy Danielson, 208 Dartmouth street, was a close contender for the top position; he is two years of age, and was in first place last week.

Beautiful Nancy Teconchuk, always a strong contender for No. 1 place, advanced to third place from fifth. She is the two-year-old daughter of Mr. and Mrs. Wm. Teconchuk, 1407 Still street.

The lovely little twin daughters of Mr. and Mrs. Arthur Morse—Kae Joanne and Kathleen Jo—10-months-old, were also near the top, being in fourth place; they were second in last week's count.

Albert Emory Durlin, 2, mainly little son of Mrs. Bernice Durlin, of Garland, pleased his many supporters by a spectacular gain—he advanced to fifth from 22nd.

Dennis Lee Franos, 2, of Ludlow, showed a burst of speed, coming to sixth from 11th; Thomas Miller King, 2, of Tidouette, also polled many votes and climbed up to seventh place from 13th, while Yvonne Marie Farrell, eight-months-old, of Warren, pleased her backers by going forward to eighth from 14th, and Sonia Catherine Stover, 2, of Warren, dropped two places to ninth, with Nancy Lu Hall going into tenth place from fourth; she lives in E. Hickory.

Crowds of parents and other enthusiastic backers of the scores of babies entered in the race in which \$2,000 in cash prizes will be awarded, swamped the election office until the fateful hour of "ten" arrived Saturday night and all day yesterday the telephone at headquarters was busy with anxious voters wishing to know who won the special prize.

BENEFACTOR IS CHARGED WITH GIRL'S SLAYING

Farmington, Me., Oct. 28.—(AP)—A diary kept by blonde Florence Buzzell, 20, whom Fred Wheeler, 50, wealthy cattleman and father of four children, is charged with slaying, added authorities in their investigation of her fatal shooting. Attorney General Frank I. Cowan said today.

The pretty secretarial school student had filled several volumes in recent years with descriptions of "her progress in education and her experiences," the attorney stated, adding that the account was complete up to the time of her mysterious death five months ago. He said it contained the names of "numerous men."

"The state," he declared, "is following certain information that was contained in the diaries but at the present time the contents are being kept confidential."

State Police Chief Henry Weaver said that Wheeler had financed the girl's schooling at Gates Business College in Augusta and he apparently was jealous because another man was "wooing and winning the girl away from him."

Weaver made the statement as he ordered a three-state search that culminated last night with the cattlemen's arrest in Boston's north station on a murder warrant. The girl's body was found in a garden in Chesterville last June 7.

STRIKE CONTROVERSY IS BLAMED FOR DEATH

Pittsburgh, Oct. 28.—(AP)—The strain of the soft coal "captive mine" controversy upon a heat strike weakened by his associates for the death here last night of William Brye, 60-year-old vice president of the U. S. Steel Corporation in charge of industrial relations.

Brye, an ardent golfer, tennis player and trapper, had been under constant pressure since the CIO strike last year began pushing for a changed contract and higher wages. He negotiated the agreement which gave more than 200,000 U. S. Steel mill workers a 10-cent-an-hour wage boost.

He nearly collapsed several days ago in Washington during the hearings before the National Labor Relations Board over John L. Lewis' demand that the steel company-owned mines operate under a union shop, as are the commercial mines under the Appalachian agreement.

BRITISH READY TO ADVANCE

London Sources Predict Capture of Rostov Would Be Signal for Establishment of New Front By Imperial Forces; Russians Dispute Claim Of Fall Of Kharkov

REDS CLAIM MORALE OF NAZIS AFFECTED

By the Associated Press

German troops were reported fighting today within 10 to 15 miles of Rostov, gateway to the Caucasus oil fields, the great "turning point" in the battle of southern Russia which may bring Great Britain's million-man armies of the middle east into action.

London sources predicted freely that if the Germans capture Rostov, the great light would be flashed to Gen. Sir Archibald P. Wavell's imperial forces to march through Iran (Persia) and establish a new British fighting front in the Caucasus.

Authoritative quarters in London said the German armies of the central front were still 35 to 40 miles from Moscow at the nearest point, but they acknowledged that in the south the Nazis were closing in around Rostov and immediately threatening to overrun the entire Donets river industrial basin.

Military advisers reaching London said the Germans already had succeeded in knocking most of the basin's war foundries out of action, with several key points actually in Nazi hands and others isolated by crippled communication lines.

The Moscow radio, however, insisted that the big industrial city of Kharkov, Russia's "Pittsburgh of the Ukraine," was still in Soviet possession. Official German reports said the city fell last Thursday.

Adolf Hitler's field headquarters, picturing the Russians as on the run, reported that German troops yesterday penetrated the town of Kramatorskaya, 100 miles southeast of Kharkov, in the sweep through the Donets basin.

"Thus the Soviet union lost one of its biggest tank factories," the Nazi communiqué said.

"Other important industrial towns were taken by Hungarian units. Pursuit of the retreating enemy is being continued."

German front-line dispatches said bad weather was proving a powerful ally of the Russians, but asserted the Red armies already were defeated from a military point of view and that a break in the weather would bring the destruction of remaining Soviet forces and "thus conclude the war in the east according to German plans."

The Russians found a note of

MERCURY DROPS TO END RECORD INDIAN SUMMER

By the Associated Press

The temperature turned sharply downward in Pennsylvania today and the weatherman said that, in his opinion, it would be:

"Much colder tonight."

Readings in the 40s were expected, breaking a long period of Indian summer weather. By noon, the mercury in eastern Pennsylvania was falling gradually away from readings in the middle 60s.

Mild southeast winds which carried rains and record high temperatures were sent scurrying by chilly northeastern blasts on the weather man's chart. Monday's unseasonable mercury marks like Philadelphia's 74 and Harrisburg's 67 were expected to give way to 40, or even lower after the dusk fell, presaging a cold snap extending to Friday at least.

The rains arrived too late to help fall crops, but dwindling water supplies were reinforced and the danger of forest fires was lessened.

H. E. Moses, chief sanitary engineer in the state health department, said the rain eased the water supply problems of some communities, but said "we need more of it."

"There has been no real serious shortage and I know of no places actually out of water, but more and more small water works have been pressed by the drought and are turning to emergency or reserve supplies," he said.

The Department of Forests and Waters said streams were down only slightly in the central and east sections, and the Susquehanna river, draining 25,000 square miles of central Pennsylvania and New York state, is less than one-third of the normal for the month.

Forest conditions "now are pretty fair," said H. B. Rowland.

RECOVER BODIES OF 15 MINERS

Daniel Boone, Ky., Oct. 28.—(AP)—Bodies of 15 miners killed in an explosion of gas at the Stirling Coal Company mine here were removed from the mine by rescue squads early today.

All were taken to Nortonville, four miles northeast of here, where an inquest was slated by Coroner Carl Hoffman later today.

Meanwhile C. A. Herbert of Vincennes, Ind., district engineer of the United States bureau of mines said an investigation of the explosion, from which 35 men were rescued, would be launched probably tomorrow.

Herbert said that the miners were killed by a gas explosion but the definite cause of the blast had not yet been determined.

Bodies of the victims, which were found early last night, almost 12 hours after the explosion, were brought to surface by way of an air shaft, through which 34 of the rescued miners were brought from the pit within two hours after the blast. The other four survivors were able to leave through the main entrance before it was filled by gas.

**Special Award in Baby
Election Is Given to
Rebecca Ann Norris**

(From Page One)

Fervent activity marked the end of the special \$25—prize week of The Favorite Baby Election, and not until late last night could the winning baby's name be ascertained due to the tremendous amount of votes cast in the ballot box at election headquarters and to the large number of new, old and renewal subscriptions turned in.

Leaders' positions on the Honor Roll are ones of business when they consider the terrific pace the election has now assumed. Many sterling campaigners are all moving along at a fast clip with extremely well-balanced campaigns. Any one of these babies may forge to the very top this last week of the "big votes"—and many other babies on the Roll offer the very keenest kind of competition and surprises are in store for many before the next list of Honor Roll standstills appear. Other changes are to be noted in the general line-up of the Honor-Roll today with some reasons being on it for the first time—others being dropped from this coveted group for the first time and still others

no longer in the race at all; it is the sincere aim of the election department to carry the largest number of names possible in the list, but as time draws near the close of the election only those names of babies will be carried in whom real interest is shown by each week's votes.

The progress several babies recently have made to gain leading positions has encouraged scores of others this week to declare through their "campaign managers" that they may expect to leave nothing undone to gain the titular honors, the magnificent loving cup with the baby's name thereon and the cash award which offers a bright future with an unbreakable guarantee.

If you are looking forward to Nov. 2nd when the election results will be written in such a fashion that they will never be forgotten don't forget that what you do now today and during the following days this present week will determine whether you share in that lasting glory of seeing your baby crowned the favorite of them all.

Do your best work for the election today. You'll be the happy for it later.

This is the last week votes will count FIVE times their face value; they will be permanently reduced after the coming Saturday night.

OBITUARY**MISS ANNA MARGARET SNYDER**

Services in memory of Miss Anna Margaret Snyder, 27-year-old daughter of Mr. and Mrs. Thomas Snyder, of Ludlow, who died at her home at 8:30 Saturday night, after an illness of nine years, were held from the residence this afternoon at two o'clock. Interment was in the cemetery at Paganus.

She was born August 21, 1914, at West Hickory and moved with her parents to Ludlow in February 1924. Surviving are her parents, a sister Mrs. Eva Haight and two brothers, Arthur and Harry, all of Ludlow.

the committee at once, but said also he would consult Governor James on the extent of the inquiry the executive ordered.

James directed the investigation at the request of Major Henry C. Hill, superintendent, with complaints of "inaccuracies" in certain critical editorials and newspaper articles after the attempted escape, in which two other youths were wounded, Paul Selridge, 19, of Butler, was killed.

James asked the five members named on the committee "to investigate everything pertaining to the recent break at White Hill, as well as the entire program, activities and administration of the program."

The governor added that "every available assistance will be given your committee for this purpose."

Hill said "myself and the institution will be placed at the disposal of the committee—both inmates and officials."

There are 834 boys incarcerated in the \$3,000,000 model reformatory, and approximately 140 guards, Hill said the average age of the boys was 19.8 years, and that 329 youths were 20 years old or over. Those 15 years old, he added, make up 1.9 per cent of the school's population. The boys are being transferred from Huntingdon Industrial School, which will be used for mental defectives when the shift is completed.

Automotive Hint
If a little time is taken for inspecting the tires after a long automobile trip, they can be made to last much longer. Sharp materials are often found imbedded in the rubber treads.

AUXILIARY HAS INSTALLATION AT YOUNGSVILLE

Youngsville, Oct. 27—Officers of the American Legion Auxiliary were installed with other officers of this district at the Inter-county Council meeting held at Ridgeway on Saturday.

Local officers are: Mrs. Carl Mourer, president; Mrs. H. H. Husted, vice president; Mrs. Glenn Patch, second vice president; Mrs. E. E. Hendrickson, secretary; Mrs. Ford Osgood, treasurer; Mrs. H. M. Mourer, chaplain; Mrs. H. M. Mourer, sergeant at arms; Miss Augusta Johnson, historian.

Mrs. George Schmidt and Mrs. Inez Rudolph were delegates from the local Auxiliary and a number of other members besides the officers were present at the session.

The next meeting of the local Auxiliary will be Tuesday at the Legion rooms, at which time plans will be made for the Armistice Day dinner.

PARTY AT THE CLUBHOUSE

The eighth grade and the faculty members teaching classes of this grade of the junior high school and a few invited guests, had a fine time Friday evening at their Halloween party held at the Forge clubhouse. The young people provided lively games and stunts and had a two course luncheon.

PRAYER SERVICE

The program for the National Day of Prayer will be used at the Methodist church, to which all members and friends are invited at 7:15 p. m. Wednesday evening. Members of the Woman's Society of Christian Service will assist this pastor. Rev. Dwight Jack, in this service and a special invitation is extended to members of this society to be in attendance.

MORE GATHERINGS

The Try Company Class of the United Brethren church met Thursday evening at the home of Mrs. Floyd Conklin for a masquerade party. Twenty members, games and stunts were enjoyed and refreshments served.

Friday evening Miss Lois May Sellin entertained the members of her primary class of the Methodist church school at a jolly Halloween party.

BY WILLIAM E. MCKENNEY
America's Card Authority

The test of a great player is his ability to co-operate with new partners whose system he does not know. Waldemar von Zedwitz, chairman of the executive committee of the ACBA, and Earl Ackerman, vice president of the Pacific Bridge League, played together for the first time recently. Their no trump systems are very different, but they co-operated well to reach this slam by straightforward bidding.

Unlike some experts, when playing rubber bridge, Waldemar von Zedwitz is never satisfied with just his contract. He wants to make every possible trick. With the aid of a fine squeeze play, he made seven-odd.

Ackerman later explained he realized he probably should have made another bid, but he decided they held enough cards to get into six—hence the plunge.

Von Zedwitz (South) won the opening lead with the ace of clubs, and cashed five of his diamonds, discarding from dummy the five of spades and the deuce of hearts. Next he led a spade and cashed the two tops, but East had at this point held one spade, three hearts and one club.

North cashed the king of clubs, led a low heart to South's ace, and South cashed the last diamond. This trick produced a regulation double-squeeze.

Von Zedwitz pointed out that East could not have saved the day by holding an extra club. Had he discarded a heart at any time, declarer would have cashed the king and ace of hearts after taking the spades, saving the king of clubs in dummy. Then the last diamond would still have squeezed both defenders.

More American tourists visited Canada this year than in the two preceding years, the Department of Commerce reported.

Increased Interest Being Shown In Warren County History Days As Time For Observance Draws Near

As the time for Warren county's "History Days" approaches, interest is increasing in the two principal evening programs of this week. The three archaeologists who have had charge of the Pennsylvania Historical Commission's work in the Allegheny Valley this summer will have a busy day next Friday, October 31st. They will speak at three assembly sessions in Beatty school on Friday morning, and at two high school assemblies in the afternoon. In the evening they will give the illustrated talks previously announced in the Times-Mirror at the high school at 7:30 p. m. This meeting is free to the public, and everyone is cordially invited.

Edmund Carpenter, who will speak on "Upper Allegheny Indian Sites," is a man with long experience in the study of Iroquois Indian culture, and during the past summer spent much of his time in viewing collections of Indian material and attempting to determine from what sites it came.

Dr. Wesley Bliss, who will speak on "The Sugar Run Site," is an authority on methods and procedure in archaeological excavation. He supervised the actual diggings of the sites selected. Seven or eight of these near the Pennsylvania-New York line were opened, but most of them had been entered and so disturbed that very little was left. The Sugar Run site, however, was found almost in its original condition, and during the past few months has attracted scientists from all over the country, and has been popular with tourists and many visitors, with as many as four thousand people visiting it on one day. Dr. Bliss will explain the meaning of this site and the results obtained from the diggings.

In general charge of this work for the state of Pennsylvania is

Dr. C. E. Schaeffer, who will speak on the subject "Found Builders." His talk will provide a background for the others, and all of the talks will be illustrated by pictures of this summer's work, and by displays of the material taken out, so that everyone in Warren county can learn the scientific importance of the work that has been done in our community.

Saturday evening's dinner of the Warren County Historical Society will be at the YWCA at 6:30 p. m. This is open only to members of the society, or to those who obtain tickets through the members. A two dollar membership in the society for the current year entitles the member to attendance at this dinner meeting without further charge, and those who wish to contribute further to the work of the society may do so by taking out a contributing or sustaining membership.

The principal speaker at the dinner meeting will be Dr. William N. Fenton, associate anthropologist of the Smithsonian Museum, Washington, D. C. Dr. Fenton is a native of Allegheny county, New York, and has devoted many years to the study of the Senecas and other Indians. His father was a notable collector of Indian masks, baskets, etc. Much of Dr. Fenton's boyhood was spent living with the Indians near Coal Springs, Quaker Bridge, and the surrounding neighborhood. He learned their language, and they came to regard him as one of themselves. He is the only person ever permitted to photograph some of their tribal rites, and his talk will be largely about the life of our Indian neighbors as it goes on amongst them today, carrying along the traditions of many hundreds of years. Saturday evening's dinner will be well worth the cost of membership in the local Historical Society, not even considering the furtherance of the work being done in this community by the society's efforts.

DEFENSE SET-UP IS OUTLINED AT ROTARY MEETING

Rotary Club members heard a fine talk at their Monday luncheon-meeting at the Y. W. C. A. activities building, when Allen Gibson, chairman of the Warren County Civilian Defense Council, explained in detail the set-up and purpose of this emergency organization.

Mr. Gibson stated that, although the eastern part of Pennsylvania is perfectly organized in this respect, Warren county is the only one in the western part of the state to be so organized.

He described the work of the council as being that of a coordinator of local efforts, to promote cooperation of the workers in this council with those of state and national groups. The objectives of the various groups were outlined as aid in protection of life and property, through the training of citizens in local defense, fire fighting, transportation and communication maintenance, rescue work and the building of civilian morale.

In its operation the council is being guided by the experiences of Britain, he said, and its activities will undoubtedly become much greater as there is need.

Another feature of the meeting was the singing of three original compositions by T. Sheridan Baker, well known Lottsville singer. One of these, "Our American Way," was introduced on October 8 at a meeting of the National Opera Club, in the Waldorf-Astoria in New York City.

M. H. Deardorff spoke of the coming Warren County History Days, inviting Rotarians to join the membership of the Warren County Historical Society and participate in the various events planned.

Other guests at this week's meeting were Selden Bemus, of Jamestown, N. Y.; Frank Ryan, Chester; David Olson, Titusville; Rev. W. G. Woodard, newly-arrived pastor of the local United Brethren church.

Called by Death of Noted Composer at Home in California

Mrs. Elmyra Nicklin, of Hollywood, Calif., visiting relatives and friends in this section for the past three weeks, was called home on Monday by the sudden death of her son-in-law, Victor Schertzinger, mentioned briefly in an Associated Press dispatch from the movie colony.

Mrs. Nicklin, 85 years of age,

Kinzua Meetings to Be Important Part Of Historical Days

Two important events of Warren county's "History Days" will be the luncheon at 12:15 p. m. on Saturday, November 1st, which is to be held at the Kinzua community house followed by the free public meeting at 2 p. m. at the Kinzua Methodist church. The luncheon is under the auspices of chapters of the Pennsylvania Archeological Society but the public is cordially invited and anyone who wishes to attend can obtain luncheon reservations at seventy-cents each by telephoning the office of George E. Cowden, Warren National Bank building (Telephone 1870) before 5 p. m. Wednesday. The meeting following the luncheon will be addressed by Dr. T. M. Setzler and Dr. T. Dale Stewart, both of the National Museum, Washington, D. C. These men, like the other noted scientists who will be here during this week, are men of long experience in archeological research and further details of their work will appear in the Times-Mirror prior to their appearance here next Saturday.

SKATE CLUB IS PLANNING TRIP

At the regular meeting of the Youngsville Skate Club held last evening, five new members were voted into the organization, and suggestions were considered for improvement of future programs.

The club members enjoyed their first anniversary dinner on Sunday at Gretchen's Kitchen at Jamestown, N. Y., and skating later at Celoron Park. A short program was arranged and a gift was presented to Ferdinand Huber, club director.

Members are arranging for a trip to Titusville some time next month. It is stated that the name of Tommy Hamilton, as treasurer, was omitted from the list of newly elected officers of the club announced last week.

came east three weeks ago to visit her sister-in-law, Mrs. Mary Blair, of Clarendon. Upon receipt of the message of Mr. Schertzinger's death yesterday, she took the train for Cleveland, O., from where she was to board a plane for Hollywood.

Mr. Schertzinger, 52, had been in perfect health when he retired on Saturday night and death during his sleep was attributed to a heart attack. He was said by associates to be the first man to write music for the movies and many will recall the captivating "Marquita."

AREA INSTITUTE AT PITTSBURGH BEING PLANNED

An area institute that is important to all professional groups and members of crippled children's societies is scheduled at the Roosevelt Hotel in Pittsburgh on Friday of this week and will be attended by a number of local representatives of such units.

The purpose of the gathering is to inform the people of Pennsylvania of the services available for crippled children and physically handicapped persons, and how best to utilize the services of the sponsoring groups, the Pennsylvania Society for Crippled Children, Inc., and the Allegheny Society for Crippled Children, in cooperation with the National Society for Crippled Children, Inc.

At a 12:15 o'clock luncheon meeting, the speaker will be E. W. Palmer, president of the national organization, who will talk on "The Crippled Children and the Nation." In addition, a film will depict crippled children's services at the State Hospital for Crippled Children.

Opening at 1:30 o'clock, the institute program will include a round table discussion, in which the following leaders will participate: Dr. E. W. Eoles, assistant director of crippled children's services in the state department of health; M. M. Walter, director of vocational rehabilitation; Miss Mary H. Pooler, supervisor of special education in Erie, Warren and Forest counties; Dr. Jessie Wright and Dr. William E. Robinson, orthopedic surgeons in Pittsburgh; William Arthur, director of the Allegheny county hospital; Harold Hovett, director of social work of the national society.

Counties included in this area meeting are Allegheny, Armstrong, Beaver, Bedford, Blair, Butler, Cambria, Center, Clarion, Clearfield, Crawford, Erie, Fayette, Greene, Indiana, Jefferson, Lawrence, Mercer, Somerset, Venango, Warren, Washington and Westmoreland.

FOREST COUNTY 4-H GROUP TO HOLD MEETING

Leaders in 4-H Club work, adult project leaders and officers will give their reports at the 22nd annual meeting of the Forest County Agricultural Extension Association on Wednesday, beginning at ten o'clock, in the Presbyterian manse in Tionesta.

J. G. Janieson, president of the association, will be in charge of the program. J. F. Ray is vice president; Mrs. F. W. Dreyer is secretary and Roy Dotterter, treasurer.

Among those who will present reports are Marcia Carlson, Milton Hinderer, Raymond Allio, Mrs. Florence Donahay, Russell Cochran, T. J. McWilliams, Frank Watson, Mrs. Harold Giesin, Mrs. C. W. Hinderer, J. F. Ray, Frank Glenn, Mrs. Russell Kiffer, Nelle Coulter, Betty Hanlon, Mrs. John Handy, John King, Frank Watson, and the extension representatives, Ida J. Peebles and Russell M. Smith.

The town-country people's banquet will be served at noon by ladies of the WEXL Sunday School Class, with Dr. F. J. Boyard as toastmaster and special selections by the Tionesta High School girls' trio.

The program will continue in the afternoon, including color movies on an Alaskan trip. An address by H. N. Reist, agricultural economist and former Warren county farm agent, will conclude the program.

Letters to the Editor

Editor Times-Mirror Oct. 27, 1941

Dear Sir:

JUSTICE OR POLITICS

Those of us who sit by the sidelines and watch the political show have been interested lately in the judicial campaign. What, after all, is the true significance of the indorsement of Mr. Wade by some of the attorneys? I was interested and made inquiry. The fact I elicited surprised me.

It appears that in the spring of this year the indorsement of candidates qualified to fill the office of Judge was considered by the Warren County Bar Association. No action was taken. The present indorsement of Mr. Wade is by less than one-half of the members of the local bar association. These facts were interesting enough but they don't tell the whole story. Most of the attorneys indorsing Mr. Wade, if interrogated, would have to admit the superior qualifications of Mr. Beshlin, and many of them would even have to admit previously expressed and candidly voiced opinions to this effect. At least one of the indorsers strongly urged Mr. Beshlin to be a candidate.

Now this situation can mean only one thing: the political squeeze was on. The whip was cracked by the ringmaster, it echoed and re-echoed through our Court House and through at least one of the local banks, and lo, some attorneys got into line and indorsed Mr. Wade. This is politics at its worst.

What we want in Warren County is justice undefiled by politics. Let's have it by electing Mr. Beshlin to the office of Judge.

NORTH WARREN'S CELEBRATION

At a final meeting and work session of the North Warren Civic Club held last evening reports indicated that everything is set for the annual Hallowe'en celebration which will get in motion tomorrow evening, and it is apparent that again this year this progressive organization will leave nothing undone to provide all participating entertainment that will surpass the enjoyable programs presented in previous years.

This sort of a celebration is a far cry from the old-fashioned Hallowe'en when every youngster felt it an individual responsibility to go abroad evenings during the week of Hallowe'en and get into all kinds of devilry, which in the end, was blamed on ghosts.

The old idea of laying it off on the ghosts reminds of days when people really believed there were such things. October 31 was a date when the spirits were supposed to return to earth and visit former haunts. As many of them were bad ghosts and not popular with their neighbors when they were living, it was supposed that these undesirable spirits perpetrated various tricks.

The belief was once widely prevalent that certain houses were haunted. It was supposed that some person once lived there who had committed some crime or undergone suffering, and that the spirit of the person kept returning. He was supposed to express his sorrow or remorse by frightening noises in the night time. It might be almost impossible to sell or rent such a place, since no one could be found who would dare live there. A scientifically minded person would have found the groans of the spirit were due to the wind sucking through the chimney or some such cause.

Dad can tell you that it used to be a favorite occupation of children to tell ghost stories. After an evening spent in hearing such yarns, they crept up stairs to bed with fearful looks over the shoulder to see if some ghosts were following them. In those days boys used to run fast going by the cemetery at night.

Many wild tales are still related of the Hallowe'en nights of fifty years ago in Warren when it was not unusual for residents to awaken the morning of November first to find resting on tops of telegraph poles most anything from picket fences to work wagons. There were other and more aggravating stunts which dad engaged in that have been outmoded through adoption of more modern and progressive ideas in communities like Warren.

The ghost stories have ceased to fool the world, and the kids who perpetrate serious mischief at Hallowe'en time may be headed for more trouble than was encountered in the days when their grandfather believed in ghosts.

Now the youngsters may be taken to a celebration such as that being staged in North Warren the next three nights, where they have plenty of opportunity to unleash the pent-up enthusiasm they possess over the presence of the spookiest season of the year, and they won't have to be worry over any police check-ups following their good times.

Every man and woman in Warren and vicinity interested in the Civilian Pilot Training program of the Civil Aeronautics Authority should make it a point to be at the Elk Club this evening at eight o'clock to hear the address by Capt. E. A. Goff, Jr., of Pittsburgh, who is expected to review the work accomplished here through the project and also outline future possibilities. There is no doubt, as pointed out, the CPT program sponsored by the Warren Chamber of Commerce, has been largely responsible for the great increase in activity at the local airport under the very efficient management of Virgil (Slip) King.

Marooni Club officers and members are to be commended for doing a very fine job in taking over the Warren Outing Club.

Look on the bright side! At least you don't have to wait until Hallowe'en each year for the ghost to walk!

Busy week for opposing candidates who will learn the decision one week from tonight!

'Bout time you were signing up in the annual Y. M. C. A. "Call to Membership."

EDSON'S WASHINGTON COLUMN

BY PETER EDSON
Times-Mirror Washington Correspondent

Washington, Oct. 28.—Recent award of a U. S. patent to a German citizen for a propellerless airplane driven through the skies like a rocket brings to light some interesting background of the international granting of patents on military devices in times like these. First impression might be that the United States government was going out of its way to be nice to the Germans in granting them patents and in encouraging German inventors to apply for foreign patents in time of war, but the situation doesn't spell out that way at all.

As a matter of fact, it's a distinct advantage to the U. S. to have the Germans registering their patents in this country now, particularly on military gadgets of destruction. The way it works out, it's to the advantage of the United States to receive and publish these patents since this makes the information available to U. S. military services.

All applications for patents are carefully reviewed by patent examiners as to their military value and one special group of examiners works in close co-operation with Army, Navy and Office of Production Management. All patents found to contain certain information of military value are then ordered withheld from publication, and the Army and Navy are informed of the patents.

When war on Germany was declared in 1917, the U. S. government seized all patents awarded to German citizens and appropriated everything of military value for the use of the U. S. services. The same thing would probably happen in case the U. S. should declare war in the present emergency.

What happens in Washington when one of the big shots starts talking without having all his henchmen around to keep him straight on details was demonstrated the other day by Federal Loan Administrator Jesse Jones. Usually when the administration holds a press conference he is flanked by a row of dignified gentlemen who do the work on the dozen or more government corporations of which Mr. Jones is titular head. They laugh at the boss's jokes and answer questions he can't.

In this particular occasion, however, when a question came up about new loans to Latin America, Mr. Jones said one had been granted to Mexico for road improvement when, as a matter of fact, the loan had not yet been agreed to or signed. Negotiators were still at work on it, in secret. Warren Lee Pierson, head of the Export-Import bank, wasn't there to correct the announcement, with the result that there was much confusion and covering up to be done in Mexico City, for Washington had agreed for simultaneous announcement should the loan be granted and signed.

Incidentally, in connection with Latin American loans, one of the new good neighborly deals under consideration is a Venezuelan application for finance to help tear down the red light district of Caracas and build a modern workers' housing project on the site.

When the four new defense plants for making artificial rubber are in production, some time in 1942, they will be able to turn out a total of only 60,000 tons of artificial rubber a year, or 10 per cent of the 600,000 tons of natural rubber now consumed in the U. S. annually.

Plants now in operation, making neoprene, koro-sol and other synthetic rubbers, have a capacity of only 20,000 tons. The four new defense plants, Firestone and Goodyear at Akron, Goodyear at Louisville, and U. S. Rubber at Naugatuck, Conn., have a 10,000-ton annual capacity apiece. The 60,000-ton total emphasizes just (Turn To Page Five)

YEARS AGO IN WARREN

Interesting Items Taken From the Warren Evening Times

In 1921

Some time ago a petition containing about 1,000 names of interested persons residing in the vicinity of the proposed highway, between Warren and Sheffield was sent to Highway Commissioner Sadler. A reply to the petition was received this afternoon and assurance is given that the road will be constructed next year.

Warren county will be represented at the sixth annual young people's conference, to be held at New Castle by the following: Reuben Cain, Ethel Barrett, Leota Greenlund, Miriam Trezise, Violet Peterson, Jeannette Kinkade, Franklin R. Hoff, Pearl Lund, Jordan Overturf and Beatrice Horsey.

A trainload of fans will accompany the Titusville football team when it comes here tomorrow to meet the Warren Independents at high school field.

Workmen on the Poplar street paving job this morning started pouring tar between the bricks between Third and Fourth avenues. The two blocks of improved street will be thrown open to the public within a week.

An enthusiastic meeting of the Community Service committee in charge of the Hallowe'en celebration was held last evening and plans for the big affair to be held here were advanced considerably.

In 1931

Now that it is certain that the improvement of the Kinzua road cannot be finished this year, a meeting has been called to discuss plans to put it into shape until next year. Representatives from the Good Roads Association, the County Motor Club, commissioners, office, Senator L. E. Chapman and Assemblyman A. W. Mumford will confer on the matter.

In the first tabulation of votes in the Printz-Times-Mirror football popularity contest, Homer Morrison, backfield man for the high school football team, is leading the race with a total of 115 votes.

About 95 Hi-Y members, leaders and visitors were present at the meeting of the Warren Hi-Y Club last evening to hear Dr. Clyde Xander, president of Thiel College, Greenville, deliver a message which was generally enjoyed by all.

Last night a committee worked for several hours decorating the State Armory for the Hallowe'en dance to be held there under auspices of the American Legion and Company I.

Philomel Club members enjoyed one of the best President's Day programs ever held by the club. Harold Triggs, New York pianist, was the guest artist.

NUTRITION COURSES URGED

Chambersburg, Oct. 28.—(P.)—Courses in healthful nutrition in all colleges were urged today by Dr. Emily Bacon, Philadelphia professor of pediatrics, at a round table discussion on national defense at Wilson College. "Poor nutrition means poorly equipped manpower and womanpower and that means poor national defense," she said.

PAGING JOE MILLER

There's nothing like an old joke to bring a new laugh. If you've heard them often enough, you probably know the funny last line to each of the following bits of humor. If you don't, tune in on your favorite comedian some night and hear them again.

1. Who was that lady I saw you with last night?
2. What is experience?
3. Nice place you've got here. Do they ask much for rent?
4. Are those pearly white teeth really yours?
5. Would you shoot a horse with a broken leg?
6. Why do you call those Frankie and Johnny problems?

IDENTITY STILL MYSTERY

Harrisburg, Oct. 28.—(P.)—State police exhausted their clues today in the search to identify the skeleton of a man found in the Susquehanna. A watch in the man's pockets was checked against the maker's records showed it was sold 50 years ago and the name of the purchaser was unknown. A label of a store bearing the name Bridgeport, was unproductive after a checkup in towns of that name in several states. Arrangements were made to bury the skeleton in the Dauphin county home cemetery.

A WASHINGTON DAYBOOK

By JACK STINNETT

WASHINGTON — Strange things happen in Washington, but there is no recurrent phenomenon stranger than the facts packed into the treasury's "conscience fund."

Just 180 years ago, President Madison received a letter enclosing \$5 and explaining that the sender wanted to pay up what he had cheated the government out of. Since then, nearly \$700,000 has rolled into Uncle Sam's coffers in just this way.

It can't be said positively yet that world conditions and the national defense effort have had any effect on these conscientious donors, but 1941 has brought in sums running into the thousands and several have been inspired by government needs for defense funds.

A FARM woman, living near Wichita, Kas., mails in a money order for \$5.50, saying, this is "to run the government in peace. It is not to be used for war to kill people."

A man from Milwaukee, Wis., comes up with this: "Enclose you will find \$500 I owe to your government for a period of years for income tax. Our government is very badly in need of money and my conscious (that's the way he spelled it) has been bothering me for some time. I am very sorry for the wrong I have done and thank God I may straighten it out this way. Many thanks."

The largest contribution to the conscience fund in recent months was from a nurse who has spent many years in Peking, China, and who visits her home in Charleston, S. C., once every seven years. She sent a check for \$1,678, "the same being a year's salary plus interest which I do not now want to accept."

An investigation by secret service disclosed the nurse once had worked for the government (she refused to say where or in what department). She insisted that she idled away that year and didn't really earn the salary which she returned.

THE Treasury's first conscience fund receipt from a child in the new army in training, came

from Fort Benning, Ga. It was bills and change folded in a blank sheet of paper in the sum of \$4.61. There was no explanation.

Often there is no explanation. There was the letter enclosing 24 cents, with the simple, scrawled sentence: "I owe this to Uncle Sam, A Friend." And with a \$100 bill from Sioux Falls, S. D., an almost illegible line, "For taxes to the government."

From Maywood, N. J., came a money order for \$6.86 from a man on WPA. "I think everybody should pay taxes," he wrote, "and the enclosed amount is one per cent of my year's wages from WPA."

Another \$500 came from a deathbed. A pioneer North Dakotan last year sent that his daughter send the treasury \$500. For many years he had had wheat farm in Canada, and had run his grain across the line for sale in the United States without paying duty. He did not want to die with that cheat on his conscience.

THE money doesn't always come directly to the Treasury. A large part of it is sent to the President, with such varying salutations as "Dear F.D.R." and "Dear Mr. President, Your Highness."

WHERE the Treasury can investigate, it does and occasionally the money goes back. An upstate New Yorker sent in \$100. An investigation disclosed he was under observation in an institution for the insane. His obsession was that he owed everybody money and the \$100 sent to Uncle Sam was only one of many payments he had made. The Treasury Department's check went to his wife, who was struggling to make a living for herself and a six-month-old baby.

Another Treasury check went back to an old Kansas pioneer. Although living on nothing but the old age pensions paid him and his wife, he had scraped together \$20 to reimburse the government for driftwood and hay which I sold off river land adjoining a claim I settled in Kansas in 1884.

'ARTISAN LEAGUE FOR JUDGE'

re a splendid meeting of the Artisan League for Beshlin held at the court house last night. Judge Edward Lindsey, part of the two candidates for judge, was the guest of honor. Lindsey, a Democrat, is a well-known figure in the county and has been a practicing lawyer for many years. He is also a member of the Artisan League, a group of young men who are interested in the law and in the welfare of the community. Lindsey's opponent, Earl H. Beshlin, is a Republican and has also been a practicing lawyer. The meeting was held in the court house and was attended by a large number of people. Lindsey gave a speech in which he outlined his qualifications for the office of judge and his plans for the future. He also spoke of the Artisan League and its aims. Beshlin also gave a speech in which he outlined his qualifications and his plans. The meeting was a success and Lindsey was elected judge.

how dependent the country will still be on raw rubber from Malaya and the Dutch East Indies. The Small Business Unit of the Anti-Trust Division in the Department of Justice has been doing a little spade work on government purchasing agencies which have been unconsciously or not been supporting monopolies, anti-trust's pet enemy.

What has happened is that specifications on some items have been so written that only one manufacturer has been able to supply the goods needed, and the smaller, independent producers have been frozen out of the bidding. Whenever one of these small independents yell, the Department of Justice boys move in and try to break up the monopoly, quietly. Items which have been worked on so far include everything from filing cabinets for the limitless government correspondence, to artificial teeth for the Army.

Whether it makes you feel any better or not, Vice President Wallace's recent piece on national income and national debt, written for Land Policy Review, one of the Department of Agriculture's numerous magazines, has presented some figures which will no doubt be used frequently as arguments justifying a still bigger national debt.

In brief, the Wallace theory is based on a comparison of private, state and federal debts, income and interest payments on the boom year of 1929 and the boom year of 1941. By the end of 1941,

Y. M. C. A. MEMBERSHIP CAMPAIGN NEAR HALF-WAY MARK AT FIRST REPORT; SECOND MEET TONIGHT

The fact that 254 new and renewal memberships were reported at the first report meeting of the Y. M. C. A.'s "Annual Call to Membership" last night is evidence that the workers are attacking the situation in a fine manner. If this splendid work continues for the next three days no difficulty should be encountered in obtaining the desired goal of 600 memberships.

It was pointed out that this year's first report surpassed the initial report of last year's campaign when only 225 were recorded in a similar period.

The 254 new memberships reported last night includes 33 new men and 113 renewal men and 40 new boys and 68 renewal boys.

In the contest the team captained by Ira Brown of the Observation Squadron turned in the best report with 64 members and a total of 629 1/2 points. For the good work of the members of this outfit, his team was awarded four senior memberships as a bonus, actually making the total number of memberships 258.

Following the receiving of team reports General Secretary R. W. Reynolds offered the workers some suggestions for soliciting prospective members. He also outlined some of the privileges of the various memberships.

There was a good attendance of workers at the meeting, last night showing that interest and enthusiasm in the drive is still running high. A good turnout is desired at the second report meeting to be held this evening at 6:30 o'clock when it is hoped that 145 memberships will be reported to put the campaign at the 400 mark.

Needlework Guild Garment Day Set For November 5th

There were 14 directors present at the luncheon-meeting of the Warren Branch, Needlework Guild, held at the Y. W. C. A. activities building for the purpose of completing plans for the annual collection.

Garment Day has been set for next Wednesday, November 5, with tea from three until five o'clock in the second floor parlors of the Women's Club. On this committee are Mrs. Leon Laskaris, Mrs. Neil Woodruff and Mrs. P. W. M. Pressel.

Special Observance Of 'Mooseheart Day'

October 27 is "Mooseheart Day" in the ranks of the Loyal Order of Moose and Women of the Moose. Mrs. Hilda Anderson, senior regent of the local women's unit, announced that observance of the event will take place tomorrow evening in the local lodge rooms.

Mrs. Lillian Seelick, chairman of the Mooseheart alumni committee, is in charge of arrangements and has arranged a program to which the public is invited.

The evening will include a series of games and Mrs. Seelick and her women will serve refreshments.

"Mooseheart Day" besides commemorating the establishment of Mooseheart, famous child city, celebrates the birthday anniversary of Mooseheart's founder and builder, James J. Davis, Pennsylvania's senior senator. Senator Davis is director general of the Loyal Order of Moose and pilgrim governor of the Women of the Moose.

Grange Notes

FARMINGTON GRANGE
There were visitors from Warren, Brokenstraw and Valley Granges at the regular meeting of Farmington unit. Seven candidates, Mr. and Mrs. Edson Skinner, Mr. and Mrs. Lynn D. Burgett, Mrs. Margaret Day, Mr. and Mrs. Lloyd Hedges, were instructed in the first and second degrees. Several pantomimes, arranged by Annabel Wilcox, added much to the degree work and music was furnished by Mrs. Marie Schweitzer.

The program, in charge of Jennie Lyon, consisted of songs, roll call of short stories, readings by Mary Stufflebeam, Hazel Kays and Evelyn Wilcox. There was also a discussion on the most profitable aples for storage. A birthday stunt was led by Mrs. Schweitzer, and the topic "Is the trend of modern music uplifting or degrading" was discussed. Fortunes were read by a witch and the program closed with all singing "America the Beautiful". Short talks were given by Leo Johnson, of Youngstown, master of Farmington, and by R. L. Samuelson, of Chambers Valley.

Refreshments were served by the home economics committee.

Newlyweds to Make Home In Youngstown After Wedding Trip

Miss Martha Miaski, daughter of Mr. and Mrs. Oswald Miaski, of Clarendon, became the bride of Albert Depto, son of Mr. and Mrs. John Depto, of Ludlow, at nine o'clock Saturday morning in St. Clara's church.

Father M. J. Macken read the marriage service and was celebrant for the low mass. A beautiful program of wedding music was provided by Mrs. Pauline Falbriski, organist, and Miss Julia Falbriski. During the service, the following numbers were sung: "O Promise Me," "Ave Maria" by Rosewig, "Ave Verum" by Weber, "A Hymn to the Blessed Sacrament" and "I Love You Truly." The traditional wedding marches were also used.

Miss Helen Miaski, sister of the bride, was bridesmaid and Joseph Depto was her brother's best man. The bride wore a princess gown of white satin with long train, square neckline with pearls. Her long veil was held with a coronet of pearls and her bouquet was of white pompons. The bridesmaid wore a long frock of pink brocade, fashioned with puffed sleeves and V-neckline, and matched by a headband of pink roses. Her bouquet was of golden pompons.

A wedding breakfast was served at the bride's home, where a great many relatives and friends gathered. Later, the couple left for Washington, D. C., and western states, to reside in Youngstown, O., upon their return. Mr. Depto is employed at the Youngstown Sheet and Tube mill.

Pre-nuptial parties for the bride-elect have been given by Mrs. Ann Cowan and Miss Helen Miaski.

Wedding guests came from Olean, N. Y., Erie, Harrisburg, Wilcox, Warren, Kane and Ludlow.

Roving Reporter Is Permitted Glimpse As Setting For Play

The "roving reporter" stopped by the St. Joseph's auditorium on Sunday to get a glimpse of "Moon Over Mulberry Street," and was much surprised to learn that the rehearsal had been called off so that work could be completed on the stage setting.

Instead of the hustle and bustle of rehearsal, he found T. J. Scallise and his assistant, Francis Font, busily at work hanging wallpaper. They were near the end of their task and the results were very gratifying.

The setting is of such nature that many hours of careful, tedious work are required in its preparation. The scene is the living-dining room of the Morello family. It is a typical apartment dwelling of moderate circumstances, with an over-all Italian atmosphere. Mulberry street is a far cry from Park avenue, but the domestic facilities are every bit as comfortable and even more like the American home type.

Old fashioned wallpaper with large, multicolored flowers bedeck the walls of this many purpose room. The furniture is on the antique side and shows many years of hard wear. It is the kind of room not seen in the small town, but so prevalent in different sections of New York.

To really create the proper atmosphere for this play, a list of the most unusual and unique properties, large and small, has been assembled. To this end, Florence Cunningham and her properties committee have been working for the past few weeks, getting one article here and another there, until they have succeeded in gathering a precious lot that will leave little to the imagination of those who see the play.

The St. Joseph's Players feel very fortunate in having the services of T. J. Scallise, who designed the setting and is aiding with its execution. "T. J." or "Uncle Tom," as he is most affectionately called by his friends, has worked untiringly on this and many settings in the past. The results of his work have been most noticeable and will go a great deal of credit for the success of many past productions.

Miss Doris Doe

The golden jubilee celebration committee of the Philomel Club reports a very pleasing response to its advance ticket sale for the Doris Doe song recital at the Woman's Club tomorrow evening. The program is scheduled for 8:30 o'clock.

Miss Doe, contralto in the Metropolitan Opera Company since 1932, leaves New York this evening and will arrive tomorrow morning to be the guest of Mrs. Allie Russell, 205 Pennsylvania avenue, east, until Thursday.

The program which she sings here tomorrow evening is the same as that chosen for her Town Hall recital in New York next Monday evening, November 3, and Hellmut Baerwald will be at the piano for her accompaniments on both occasions.

She will sing the following:

Dirge, from Webster's "The White Devil" VIRGIL THOMSON

Minnesota and Texas are Tied for Nation's Grid Honors

Fordham Rams Move Up to Third; Duke Blue Devils Fourth

BY BILL BONI
New York, Oct. 28.—(P)—If Minnesota and Texas, leaders in positive parts of the country andponents of contrasting types of football, were to meet today, the game would end in a tie. That, at least, is the view of 127 of the country's gridiron experts, voting in the third Associated Press ranking poll of the year, in which each man lists in order the teams he considers to be the top 10 of the western conference and 10 of the eastern conference, with a deadline at the head of the race.

On a 10-9-8-7-6, etc., scoring system, each of them polled 1,161 votes. Minnesota held the edge in first-place votes, with 60 to 53. Texas made up for that with more solid support in the second-place positions.

The poll also left little doubt which teams are the favorites next Saturday's three major games, each of which already is assured sellouts. Vindicated by a 7-0 score in their ranking of Minnesota two notches ahead of Michigan last week, this time the experts make the Gophers a long choice to continue unbeaten against Northwestern, by reason of the Wildcats ninth.

Similarly Notre Dame, in fifth place, is given a comfortable margin over Army, rated 14th on up straight victories but probably lacking in manpower to continue its remarkable comeback closer game, the experts think, could be that between all-winning Army, at eighth place, and undefeated but once-tied Navy, at 10th.

Last week's results shuffled the order considerably. Minnesota and Texas ran one-two the first two weeks and Duke continued in third place. But Fordham, the last best, came up from sixth to third. Texas A. and M. from ninth to fifth, and Notre Dame from seventh to sixth, while Michigan dropped four notches to seventh.

Gone from the first ten are Navy, through its second place of the year (to Mississippi), and Santa Clara, upset by Oklahoma. In their places are Penn State, impressive winner of Ohio State, and Vanderbilt, the all-winning survivor in the eastern conference and ousted from 15th to 10th on its late of Princeton.

Texas and the Aggies have already dangerous conference dates Thursday. The Steers with Southern Methodist and A. and M. with Kansas. Fordham takes on moving Purdue in its fourth inter-sectional game in five starts; Duke meets Georgia Tech and, if it gets by, should run out its season without a loss; Michigan plays inoia, and Vanderbilt appears for a thorough test against Lane.

The standing of the teams (first card votes in parentheses, points awarded on basis of 10-9-8-7-6, etc.):

First Ten
1.—Minnesota (60) and Texas (53) 1,161
3.—Fordham (7) 784
4.—Duke (5) 702
5.—Texas A. and M. (6) 659
6.—Notre Dame (8) 636
7.—Michigan (9) 626
8.—Penn (1) 315
9.—Northwestern (2) 231
10.—Vanderbilt 190

Sports Round-up

BY HUGH FULLERTON, JR.
New York, Oct. 28.—(The Special News Service)—California scribes are hinting there may be a divorce in the Pacific coast conference before long with Stanford leading the richer California schools away from the northern members, who have more votes on the "purit" problem. The Big Ten is stirred up about Frank Leahy's skill at selling Notre Dame to boys who had been tabbed as the private property of conference schools. At Ann Arbor they whisper that Michigan's best fresh end was rescued only after a searching party invaded the Notre Dame campus. Latest Pennsylvania casualty is Frank Holland, the band's baton twirler, who cracked a bone in his hand trying to catch a high toss.

Today's Guest Star
Jack House, Birmingham (Ala.) News "Next to Leo Durocher, Frankie Sinkwich, Georgia's great back, has the year's most publicized jaw."

Postman's Paraphrase
In answer to Pvt. Werner Land of Camp Blanding, Fla., who wants to know who was at bat when Mickey Owen dropped that third strike, it was Tommy Heinrich. Mickey probably pronounces it "headache." Soccer fans can come up with oddities. For example, the manager of the Peru (Ill.) News-Herald writes of a father-son act on the Dabell, Ill., soccer team when 45-year-old Lucio Mini and his son, Joe, got together to score a goal. and Joe Moran of the Lock Haven (Pa.) Express reports that Jimmy Akeley, student manager of the Lock Haven Teachers' booters, was pressed into duty as a

Service Dept.
Pvt. Tryon Banner Comer, who is a pretty fair bowler when he isn't lugging a rifle, complained that dishwasher hands he got from K. F. duty interfered with his bowling. So he persuaded a buddy to double for him at the disband while he entered the Buddy Bonar tournament at Dallas last weekend. The Mitchell Field (N.Y.) and Port Monmouth (N.J.) basketball teams will bring a swell collection of former college stars to Madison Square Garden for the golden jubilee tournament November 24. Mitchell players include Louie Gleason, former of Mississippi State, Lieut. Homer Forsythe of Ohio Wesleyan, Sgt. Sid Glickman of Brooklyn College and Corp. Joe Michalowski of Worcester Poly. They're coached by Lieut. Louis Tschudi of Dayton U. Heading the Monmouth squad are Julie Kasser of C. C. N. Y., Joe Killion of Georgia and Thurman Hall of Texas.

U. S. Birth Statistics
More than 44,000,000 births were recorded in the United States between 1915 and 1935, according to the Census Bureau. Of these, there were 72 cases of quadruplets.

Great Britain has about one billion dollars invested in Germany and German-occupied countries, the Department of Commerce reported.

THAT'S A LOT OF CORN

Hursey, Pa., Oct. 27.—(P.)—Stanley Yeager, 43-year-old York county farmer, is Pennsylvania's corn-producing champion for the fourth straight year and his brother, Oran, 41, is second best. They won the 1937, 1938, 1939 and 1940 national contest. Stanley's corn produced 130 bushels in 80 minutes ment of Commerce reported, and Oran husked 28.81 bushels. High scores included Paul Van Cleave, Lancaster county, 27.85 bushels; Mon as Manner, Columbia county, 27.63; Philip Hartman, Lebanon, 26.08.

WEEK-END SHOW AT OUTING CLUB ATTRACTS MANY

Opening of the new Marcom Outing Club over the past week-end attracted one of the largest turnouts of members of the local social club in its history and the presentation of one of the most outstanding floor shows ever seen in this vicinity.

Highlight of the entertainment for most of those who attended was the singing of John Steele, former Ziegfeld Follies star, whose Irish ballads and revival of old hit songs from the shows in which he has appeared drew round after round of applause.

Hal Fisher

Steele recently was given a big hand by William F. McDermott, Cleveland theatrical columnist, who recalled the singer's Ziegfeld successes and declared him still a star. Local audiences agree with that statement.

Sharing the spotlight with Steele are Hal Fisher, popular master of ceremonies, who keeps the crowd in a constant uproar of laughter and the Gale Sextette in outstanding dance routines.

Orrie Beebe's orchestra provides the music for dancing.

The entire show will remain during the balance of this week. The Marcom Outing Club is open to members and their ladies.

Tiona and Weidbank

A birthday party was given at the home of Mr. and Mrs. Frank Morrison to honor George Morrison, of Warren, Boulah Baxter and Ernest Edquist, of Russell. Those present were Mr. and Mrs. B. F. Baxter, Mr. and Mrs. Ernest Edquist and son Orville, Russell; Mr. and Mrs. Robert Wade, Mr. and Mrs. George Morrison and daughter, Barbara Ann, of Warren. Gifts were presented with best birthday wishes and a pleasant time spent with songs and music.

Mr. and Mrs. Frank Morrison have been in Duke Center, spending a few days with Mr. and Mrs. E. Q. McCune.

Little Patty Steele, daughter of Mr. and Mrs. Francis Steele, spent a few days recently with her grandparents, Mr. and Mrs. James Hickey, at Henry's Mills.

Mrs. Kenneth Clapp and daughter, Nancy, and Mrs. Francis Steele were in Jamestown, N. Y., last Tuesday.

Mrs. Adda Logan, Mrs. Nessa Hughes and Mrs. Ida Blanchard, with members of their bridge club from Warren, enjoyed a party at Levan's in Jamestown, N. Y.

Mrs. Mabel Morrison entertained the Ladies' Aid at her home Friday with 18 members and guests present. The next meeting will be held at the home of Mrs. Fern Hammond on October 31.

Mrs. C. E. Sherrieb is reported on the sick list.

U. S. KIDNAPINGS

There were only 19 kidnappings in the United States during 1939, as compared with 27 in the preceding year, 20 in 1937, and 31 in 1936.

Trade associations in the United States currently number about 8,000 according to the Department of Commerce.

Nurses Aid Health Recovery

BY PAUL BRAUNSCHWEIGER
of the Times-Mirror

"You will need a trained nurse." Once those words are uttered, you know that home nursing is no longer a matter of guesswork, but a matter of science. The trained nurse is the physician's first lieutenant. She will make no mistakes, is obedient, tireless, ever cheerful, and her cheerfulness is needed more than anywhere.

Behind the scenes works the third aid in health recovery—the trained, skilled pharmacist. Refer all medication to such a man.

This is the fourth of a series of editorial advertisements appearing in this paper each Tuesday.

Organization Night This Evening At St. Paul's Lutheran Church

At 7:30 o'clock this evening in the St. Paul's Lutheran church, the 10th anniversary celebration of the church's organization was inaugurated on Sunday will be continued with a special "Organization Night", to which all members, former members and friends in the community are cordially invited.

The general theme of this service will be "Walking With Jesus", and specific presentations of officials of various church groups will develop that topic.

Opening of the service will be a prelude by Mrs. Emil Jacobson, former organist at St. Paul's, now serving in a like capacity at Grace Methodist church. She will also be the organ for further selections for the service, including the offertory, "Reminiscences" by Demarest.

There will be congregational singing and special numbers by Mac and Dorothy Edquist, singing "Walking With Jesus" by Lowden, and Miss Virginia Davis singing as a soprano solo "Walking Along With Jesus".

Introductory remarks will be by Miss Frances Ekey, general chairman of arrangements for the evening, and Arthur Swanson will conduct the devotional period.

The topic chosen by Hilmer Reos, Sunday school superintendent, is "Become as Little Children", followed by "Gladly Serving the Master", presented by Miss Louise Steber for the Luther League.

"Our Service to St. Paul's will be given by the following: presidents of the church's groups: Marina Society, Mrs. Astrid Ecklund; Rebecca Society, Miss Maude Thelin; Dorcas Society, Mrs. Victoria Anderson.

"Always Willing to Work", will offer the work of the Lutheran Brotherhood, as presented by Robert Swanson, and the Bethesda Society, by J. F. Anderson.

Pastor Beati Edquist will pronounce the benediction which concludes the service.

The third day's service in the celebration of the anniversary will come on Friday, with "Missionary Night", these details to be announced later.

Three big services are planned (on Sunday, November 2, when the observance will be brought to a close. These services are at 10:30 a. m., 3:00 and 7:30 p. m. For the final service, the First Lutheran congregation and other Lutheran churches of the Warren District, Augustana Synod, have been invited to be guests.

INSPECTOR TO BE SPEAKER AT PUBLIC MEETING

The public is again reminded of the meeting to be held at the Elks Lodge No. 2 this evening at eight o'clock when Capt. E. A. Goff, Jr., of Pittsburgh, will outline what the Civilian Pilot Training program of the Civil Aeronautics Authority has meant to Warren.

Captain Goff, chief CAA inspector for this district, will give a review of war's accomplishments and also tell of the future possibilities for the borough. All young men between 19 and 26 who are eligible for this type of aviation training are especially urged to attend as they will receive much information concerning its opportunities.

All other interested men and women of Warren and vicinity are cordially invited to attend this session.

"The Glorious West" Is Subject of Film

"The Glorious West" in Kodachrome color slides will be presented in the Sunday school auditorium of the First Presbyterian church Wednesday evening at seven o'clock, closing at eight on stop-watch schedule to permit attendance at the Doris Doe concert at the Woman's Club at 8:30.

These pictures were taken by Miss Ethelyn Johnston, of Fessenden, N. J., the past summer in New Mexico, Arizona and South Dakota, among Spanish speaking peoples, the Navaho and the Sioux Indians, respectively. In these three areas, the Presbyterian Church conducts an extensive missionary and educational program, and Miss Johnston was one of a group of 40 who traveled a mobile seminar for a thorough study of these sectors.

Those who wish to attend the dinner in the church during room from six to seven, are asked to call the church office at once. All are invited to this last of several Wednesday evening programs.

MACHINE ON DISPLAY

Evening Eddy, custodian of voting machines, has placed one of the machines in the corridor of the court house where those who will be voting for the first time may inspect it and acquaint themselves with its operation.

LIGHTS OUT

Street lights were out and residents around Hertzel street and Jackson avenue experienced a temporary "blackout" last evening when electric wires burned slightly in the trees near Victor O'Leary's greenhouse, the line trouble cutting off all electric power in that vicinity until repaired.
